MRX SLM – Crestron Certified Drivers

The Crestron and Crestron Home integration with the MRX SLM is performed by using a Crestron Certified Driver available at:

https://drivers.crestron.io/rad/driver-search/5326%3Fmodel%3D9752

The driver must be loaded into the "Crestron Certified Drivers AV Receiver Ethernet" module. You can find more information about this set-up here:

https://support.crestron.com/app/answers/detail/a_id/1000527

If you need assistance with this driver, please contact Crestron True Blue support at 888.273.7876 (Option 1) or support@crestron.com
